6 h 

Free story mapping session

We want to learn more about your business and see how we can help.

Define and prioritize goals

Together we specify qualitative and quantifiable goals that will drive the development cycle.

2 w

Develop an MVP

We will deliver first working, useful version of the software in 6 weeks and for a fixed price.

6 w

Review the goals

Which goals are met? Which ones need some more attention? Are they all still relevant to you? Anything new on the horizon? Let's make sure we are still on the same page.

2 w

Continue the development

Would you like us to add a small missing feature... or a big one? Maybe try a completely different approach to the problem?

3 w

In short cycles we can keep learning by doing together. After every cycle we promise to deliver a working version of the software.

4 w

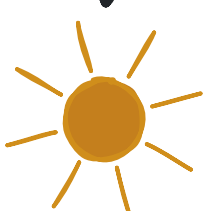

You can pause or stop at any time you want. We got you covered.

6 w

Support

We want to make sure you are happy with your software so will be available to support you in it's use. This includes training consultation and fixing defects.
